“I am very excited to have the opportunity to lead this wonderful organization for the next year,” said Marguerete Luter, WIT president. “WIT is made stronger and more vibrant by the diverse array of talent in our leadership team. In 2006-2007, our legacy will be the substantive progress we will make towards achieving the vision: To be the premier organization contributing to the success of professional women in the technology community. Together with our dedicated and committed volunteers, we will work to fulfill the WIT mission and make the vision a reality. I am passionately committed to this effort and look forward to a highly successful year.”

### **About WIT**

Women in Technology (WIT) is a not-for-profit organization dedicated to offering women involved in all levels of the technology industry a wide range of professional development and networking opportunities. One of the organization’s main goals is to create a forum where women in technology can be recognized and promoted as role models. The organization’s principles are embodied in its tag line: *Connect. Lead. Succeed.* WIT was founded in 1994 and has nearly 1,000 members. For more information, please visit WIT’s web site, [www.womenintechnology.org](http://www.womenintechnology.org).
