**The Workforce Development Committee Presents:**  
Meet the Company Series...

Meet HP

Founded in 1939, HP is one of the world's largest technology companies, operating in more than 170 countries across the globe. We explore how technology and services can help people, companies, and governments address their problems and challenges, and realize their possibilities, aspirations and dreams. We apply new thinking and ideas to create more simple, valuable and trusted experiences with technology, continuously improving the way our customers live and work. No other company offers as complete a technology services and product portfolio as HP.

We believe that diversity and inclusion are key drivers of creativity, innovation and invention. Throughout the world, we are putting our differences to work to connect everyone to the power of technology in the marketplace, workplace and community.

Please join Dennis Stolkey, senior vice president, HP Enterprise Services, U.S. Public Sector and other our members of our U.S. Public Sector team and learn more about how HP is delivering business, mission and policy outcomes that matter.

Topics will include an overview of HP and how we are supporting our federal, state and local government clients; how we are supporting our national defense; first-hand personal career growth experiences; HP's commitment to diversity and small businesses; and technical and Sales career opportunities.

**About this Series:** WIT's Meet the Company Series provides an intimate setting to facilitate the relationship between WIT members and large technology companies that have significant presence in the DC Metro area. This Series is designed to provide WIT members with potential career opportunities and a general understanding of companies' businesses, strategies, and culture.

**Who Should Attend:** Those seeking employment or thinking about a change in company/career, or curious about a company can come to learn more. Anyone not yet a WIT member, as a guest of a WIT member, can experience one of the unique benefits of membership in WIT.

**We look forward to meeting you.**
